**Q: What makes Lambda Kappa Omega different from traditional sororities?**

A: Lambda Kappa Omega was created as an organization to bond college graduates, skilled tradeswomen, 2-year college students and successful women. Although our founders hold different degree levels, we believe that all successful women should have the choice and opportunity to join a Greek letter organization. Through our membership intake, philanthropy, and community events, we share and embody social issues, regardless of degree level or economic status.

Each Member of Lambda Kappa Omega has a purpose, As women, mothers, wives, daughters we all have a common ground. Currently our sorority members have the following educational backgrounds.

4 High school graduates

6 Associate Degrees

2 Trade School Diplomas

3 Bachelor Degrees

3 Master Degrees

**Q: Does Lambda Kappa Omega follow the "Traditional" membership process as most sororities?**

A: Yes, Similar to other Greek-lettered organizations, we keep our membership intake and initiation rituals private. Lambda Kappa Omega does have a membership process; however the values and mission of Lambda Kappa Omega were created to build and bond women. In no way will we degrade your character for "Letters". We have a standard membership recruitment and intake process during which Interested ladies learn the history and values of Lambda Kappa Omega. Interested ladies will participate in activities designed to cultivate sisterly bonds.

**Q: What makes Lambda Kappa Omega different from Other Non-Collegiate Greek sororities?**

*A: Lambda Kappa Omega Sorority Incorporated was founded to unite and empower women during a time when local communities lacked this empowerment. Our founders encourage you to do research on all the non-collegiate Greek sororities. We are a sisterhood from age 7 and up. Through our mentoring program, general philanthropy and bond in sisterhood, we are individually unique together complete. It is important that you join a sorority that has a mission that aligns with your personal values. Lambda Kappa Omega seeks quality, not quantity.*

*Lambda Kappa Omega has its own original history spills, probate styles, intake process, and insignia. Our founders created all **ORIGINAL** information. We did not take anything from the divine nine organizations or any other non-collegiate Greeks. There are other non-collegiate Greek sororities that have taken our, spills, probate styles, insignia but we at **LAMBDA KAPPA OMEGA**, are built on **SOLID GROUND**.*

Lambda Kappa Omega, is truly a sisterhood.

Membership numbers does not equal success.

Our success is measured by the personal growth of our members

*We intentionally waited until our foundation was strong enough*

*to expand our membership nationwide.*

**"Our house must to be in order first"**

**Q: Does Lambda Kappa Omega have any affiliation with any other organizations?**

**A: No, Lambda Kappa Omega does not have an affiliation with any other Greek organization. The founders of Lambda Kappa Omega attended an HBCU and were little sisters to a fraternal organization on campus. The founders and the organization have deep respect and love for the Divine Nine; without the lessons and knowledge from those organizations, we wouldn't be who we are. However, Lambda Kappa Omega is its own organization. The Lambda Crystallites and Kappa Gamma Omega (our little sister organization) are constitutionally bound together with Lambda Kappa Omega.**
